# SUMMARY – THE MOST COMMON MISTAKES

- Submit the application to all involved agencies
- Follow the LA Rules (not the Tender Document for bilateral projects)
- In GRIS, fill in information as if the project were to begin in January
- Only fill in the information of the main Applicant at each foreign agency
- Fill in the entire application in English
- Don't forget any projects when filling in part E
- Do not go over the **limits** for proposal submissions
- During work on the project: publications must be dedicated to GACR (i.e. to the registration number listed in the contract)

# DFG – 20 YEARS OF PARTNERSHIP

- Memorandum of Understanding of Scientific Cooperation signed on January 23<sup>rd</sup>, 2006
- Transition from bilateral to Lead Agency cooperation in 2021 – projects running since 2022
- One of the most popular cooperations among scientists
